

Welcome

We are all committed to building a safer space for all who are here. We value innovation, creativity, hard work and having fun.

We welcome and embrace our amazing diversity! We promote a non-judgmental, respectful, positive and supportive space for all who work and learn at The College of Sports Media.

Safety, inclusion and respect are important for us, for all of us- regardless of social or economic status, race, culture, age, gender, sexual orientation, gender identity, religion or immigrant status.

We commit to consistently embrace and support equitable and fair practices in our space.
